Charles P. Ouletta v. State of Ark. Motion of appellant to stay mandate. Stay granted for 30 days on condition that bondsmen remain liable on present bond.

**Nine Persons Killed on State Roads**

By THE ASSOCIATED PRESS  
Nine persons lost their lives in traffic accidents on Arkansas highways during the weekend, including three in a two-car crash Sunday near Hardy.

The Associated Press death count period began at 6 p.m. Friday and ended at midnight Sunday.

State Police said Richard Ramsey, 17, and Delma D. Martin, 17, both of Hardy and Perry Street, 68, of Batesville were killed in the collision on U.S. 62 4½ miles west of Hardy.

**Rotary Hears Leader**

An up-to-date look at Rotary what it stands for, and why it is needed today was given to the Hope Rotary Club by Rotary District Governor Lee B. Spencer of Conway, when the weekly club luncheon was held at the Town and Country Last Friday.

He said, "Arkansas needs a strong Rotary movement," in referring to (1) the proposed new constitution and (2) the new Youth Culture. He presented an Arkansas State flag to President Benney Coleman and explained that Rotarians had always been known for being apart of voluntary associations in which each member pulls his share of the load.

In summation, the speaker admonished each Rotarian to Strive, to Seek, and to Find the better way of life, and not to Yield to pressures and forces that might deter his reaching the highest goals. "Go forth with patterns of excellence," he said.

Joe McMurrough was a guest at the noon meeting, and visiting Rotarians were Clint Steinberger of Warren and W.W. Jones of Lewisville.

**Judgment for Land Reversed by Court**

LITTLE ROCK (AP) — The Arkansas Supreme Court today reversed a Circuit Court judgment from Conway County of \$45,000 for about 17 acres of land taken by the state for construction of Interstate 40.

The Arkansas Highway Commission took 16.72 acres of the north 80 of Ralph L. Geeslin's 440-acre tract in Conway County.

A jury awarded damages of \$45,000 after Geeslin estimated that the taking of the land damaged his property in the sum of \$58,263. An expert witness for Geeslin said damages were \$39,425. Experts for the commission testified damages were \$2,750 and \$1,750.

Geeslin bought the land in 1959 and in 1962 at a cost of \$62 and \$91 per acre in each case respectively—a total cost of \$33,000 for the 440 acres.

The high court, in a 5-2 decision, ordered a new trial on grounds that four errors were committed in the first trial.

The Supreme Court said Circuit Court Judge Russell C. Roberts erred in failing to strike the testimony of Geeslin, failing to strike the testimony of his witness, George Lyford and failing to grant a new trial as requested by the commission. The Supreme Court also said the jury verdict was not based on substantive evidence.

The commission has been involved in 16 imminent domain cases in Conway County involving jury awards of \$470,550 over property the commission's witnesses estimated to be worth no more than \$131,550.

**Treatment by Cuba Caused Return**

PLATTSBURGH, N.Y. (AP) — Contemptuous treatment by the Cuban government was cited today as a probable reason why six Americans elected to come home and risk the death penalty on charges of separate hijackings of airplanes to Cuba.

"I'm sure he'll tell us there was no utopia at the other end," said George Bohle of Michigan City, Ind., father of Ronald T. Bohle, one of the men who gave themselves up at the Canadian border Sunday.

I think he was incarcerated quite frequently," said James Boynton of Kalamazoo, Mich., who told newsmen disenchantment with the one-time "Pearl of the Antilles" had been expressed in letters from his son, Thomas, one of the returnees.

The younger Boynton had stuck it out for longer than any of the others—just over 20 months.

The State Department said all six returned of their own volition and not as the result of any negotiations with the Fidel Castro regime.

**ENEMY DRIVES**

(from page one)  
wire around the second base. Headquarters said 26 North Vietnamese were killed in the two attacks. U.S. casualties were one killed and eight wounded, the command said.

Light rocket and mortar attacks were launched against other allied bases in the highlands, including the headquarters of a brigade of the U.S. 4th Infantry Division at An Khe, 260 miles north-northeast of Saigon.

American officers in the field told Associated Press correspondent Peter Arnett they believe the series of attacks in the Highlands presage a large military campaign in the region, probably focused on the two important Special Forces camps of Bu Prang and Duc Lap, near the Cambodian border and at the southwest corner of the highlands.

An uneasy quiet fell over the two frontier camps 110 and 135 miles northeast of Saigon after a weekend North Vietnamese onslaught that forced abandonment of the three artillery bases in the Bu Prang region.

Initial reports put South Vietnamese losses at one killed, 17 wounded and two missing.

**'Unbank' Head Is Undone in Shakeup**

LITTLE ROCK (AP) — An administrative fight in one of the state's largest financial institutions deepened today with two Union National Bank officers, apparently ousted last week, occupying their positions today.

Harlan Lane, chairman of the board and chief administrative officer of the bank, and Donald P. Couch, president and chief administrative officer, issued a joint telegram today giving notice they were still serving in those capacities.

The telegram said they were the "duly elected" officers of the bank and were continuing to serve in those capacities.

"Any transaction out of the ordinary should be reviewed by one of us," said their telegram, which was circulated as a memorandum to all officers of the bank.

Neither Lane nor Couch was available for comment. The bank's Executive Board was meeting this morning.

The telegram was revealed to newsmen through an advertising agency representing Lane and Couch.

Saturday, Union National announced that J. H. Bowen had been elected president and chief executive officer and that Douglas F. Goveas had been named executive vice president. No explanation was given for the changes.

The announcement said the action was taken at a special board meeting Friday afternoon.

The action came after Lane had held the position a mere 15 months.

Lane, who has 35 per cent of the bank's stock, took the job claiming that he would wage an active campaign to make the Union Bank a greater success. He pursued it in what traditionally has been an untidy manner.

A former used car salesman, Lane gave free automobiles at random to depositors. This raised more than a few conservative banker's eyebrows.

Later he became involved in a race with the Worthen National Bank for the tallest building in downtown Little Rock.

After Union put the top on its 21-story building, the Worthen Bank announced it would have a 24-story building.

The Ladies V.F.W. Auxiliary Post 4511 will meet Tuesday night, November 4 at 7:30 at the hut.

**WEDNESDAY, NOVEMBER 5**  
Gardenia Garden Club will meet Wednesday, November 5 at 1 p.m. in the home of Mrs. Hillman Koon. Mrs. Steve Carrigan will have charge of the program.

**THURSDAY, NOVEMBER 6**  
The Golden Age Club will meet Thursday, November 6 at 1:30 in the Douglas Building.

The Golden Age Club will meet Thursday, November 6 at 1:30 in the Douglas Building.

## GIRL SCOUTS MEET

To celebrate the birthday of the founder of Girl Scouts, Juliette Gordon Low, October 31, the five Girl Scout troops in Hope met at the local skating rink for a party last Friday. Also, Troop 282 visited Memorial Nursing Home earlier on Halloween, sang for the residents there, had a program, and served refreshments. The girls didn't ask for treats, but gave them instead.

Junior Girl Scout Troop 282 is under the direction of Mrs. Vena Fletcher, leader, and Mrs.

Shirley Whitley, assistant leader. The girls had a dedication and candlelight investment ceremony Thursday, October 30 at the Little House in Fair Park. About 30 parents were served refreshments by 17 scouts.

## Coming, Going

Mrs. Herbert Burns, Mrs. Lex Helms, Jr., Mrs. Bill Morris, and Mrs. Marian Holder returned last Thursday from a 2-week, 3200-mile trip through 8 southern states. Highlights included Tryon Palace, reconstructed capitol of North Carolina; the Smoky Mountains; Williamsburg, Jamestown, and Yorktown; famous people's homes on the James River Road; and points of interest in Atlanta, Ga.

Mr. and Mrs. E.H. Stewart of Hope and Miss Pearl Hughes and Miss Dorothy Speed of Texarkana spent the weekend in Fayetteville with Miss Georgia Clark and attended the Razorback football game.

Mary Anita Lasetter visited Mr. and Mrs. Harry Stubblefield in Shreveport over the weekend, and they were joined Sunday by Webb Lasetter and Mrs. G.B. Morris.

## Suit to Be Filed on Marvell Board

**LITTLE ROCK (AP)** — The Legal Defense Fund of the National Association for the Advancement of Colored People says it will file suit against the Marvell School District before the end of the semester. The fund said the suit would be filed in the U.S. 8th Circuit Court of Appeals at St. Louis, which ruled recently that the school must convert to a non-racial school system by the start of the spring semester. The fund's announcement came on the heels of a U.S. Supreme Court ruling in which the high court said there would be no more "waiting periods" in school desegregation cases.

## Wedding Vows Are Repeated

MR. and MRS. CARROL DEAN THORNTON

The First Assembly of God Church was the setting for the wedding of Miss Verna Gail Harmon, daughter, of Mr. and Mrs. Kenneth Harmon, to Carrol Dean Thornton, son of Mr. and Mrs. Carl Thornton, Saturday, September 13 at 8 p.m.

Rev. B.J. Willhite of Fayetteville, formerly of Hope, performed the double-ring ceremony. Vows were exchanged beneath a wrought iron arch entwined with greenery and topped with satin bows and doves. Over the arch was a seven branched candelabra. Two seven branched candelabras were at each side of the arch. A satin covered Prie Dieu completed the wedding scene.

Candlelighters for the occasion were Miss Kathie Ann Arnett of Emmet, Miss Susie Sinyard and Miss Brenda Kay Lively of Hope. Jimmy Works of El Dorado, organist, presented a program of wedding music. He accompanied Mrs. Brenda Works soloist, who sang "The Lord's Prayer" and Miss Dee Thornton who sang "Whither Thou Goest."

Entering on the arm of her father, the bride wore a floor length gown of peau de soie fashioned with long sleeves. The bodice was of Chantilly lace. A border of lace trimmed the front of her gown. On the back, her chapel train fell from a bow. Her floor length veil of illusion fell from a crown of satin roses trimmed with rhinestones. The

## Electoral Reform Has Faded Some

**WASHINGTON (AP)** — Chances for Senate approval of a Constitutional amendment providing the direct election of the president have about faded to the point where the 1972 election may be decided under the current electoral college system.

The House approved the proposed amendment Sept. 18 by a 339-70 vote, far more than the necessary two-thirds majority. But no action has been taken by the Senate Judiciary Committee.

Time is running strongly against the amendment, because the Senate will have its hands full for the rest of the year with the Supreme Court nomination of Judge Clement F. Haynsworth Jr., the massive tax reform bill, and a pile-up of delayed appropriations measures.

The first step is to get the amendment out of the Judiciary Committee, which has been sharply divided on electoral reform proposals. The issue was pushed aside by Haynsworth's nomination and no date has been set for taking it up.

Sen. Birch Bayh, D-Ind., chief Senate sponsor of the direct election amendment, said there will be no meaningful discussion of it within the committee until the Haynsworth nomination is disposed of.

However, Bayh said he has not given up hope of winning Senate approval of the proposed amendment this year—or, if this proves impossible, early next year.

If the amendment gains a two-thirds majority in the Senate, it still will have to be ratified by three-fourths of the states. This may be the biggest hurdle of all.

As approved by the House, the amendment provides that ratification by the states must be completed by Jan. 21, 1971, to take effect for the 1972 presidential election.

## Television and Radio

By CYNTHIA LOWRY  
**AP Television-Radio Writer**  
**NEW YORK (AP)** — "The Ed Sullivan Show," after more than 20 years, seems to be running into some heavy flak. Since the new season started, the CBS vaudeville hour has been losing the ratings race.

The success of NBC's "Bill Cosby Show," preceded by "The Wonderful World of Disney," has been a principal factor, complicated by the continuing popularity of ABC's "The FBI."

Sullivan and company, however, are uniquely equipped to handle emergencies. Most variety series are taped far in advance—often months—and it is almost impossible to make repairs if things don't go well. The Sullivan hour is almost always live and therefore flexible.

There already are signs that the show is being beefed up, with more stars and fewer animal acts and acrobats.

Sunday night's bill had Pearl Bailey, Petula Clark, country

singer Buck Owens and a new rock group called "The Band," so there was something for just about every variety of music lover. There was also David Frye, probably the most skillful impressionist around today, a very short stand-up comedy monologue by Rodney Dangerfield and some young French-Canadian folk dancers.

It was a star-studded and lively hour. But there are so many variety hours on the three networks, there is a question whether the supply is not larger than the demand.

"Bonanza" was practically a night off for the Cartwright family. The story centered on David Canary who plays the Ponderosa ranch hand, Candy.

It was an improbable story with Candy killing a man in self-defense and then trying to help the man's pretty widow and child run the ranch.

Romance flowered while a mysterious evil stranger skulked around taking pot shots at Candy.

It turned out the pretty widow, in her fresh anguish over her husband's death, had writ-

ten to his brother—conveniently a gunman—asking him to come and avenge the killing.

There was the shoot-out at the end, and when the gunman bit the dust, Candy told his lady love to forget it, anybody could get upset and make a mistake like that.

Those strong, kind men of the Ponderosa sure have trouble with women—they always desert them at the end of each show. The widow was packing at the final commercial. It wasn't all the shooting and it wasn't she didn't love him, she explained, but how could she tell her boy that his step-father was the one who dispatched his daddy?

Recommended tonight: President Nixon's address on Vietnam, all networks, 9:30 EST to conclusion.

**Longest Highway**  
Longest federal highway in the United States is U.S. Route 6, which winds from Provincetown, Mass., at the outer tip of Cape Cod, to near Long Beach in southern California. It winds its way through 14 states for 3,517 miles.

## Those Liable to Be Hit by Assassins

**WASHINGTON (AP)** — Actual or would-be presidential assassins generally are males who lead a lonely, introspective life, come from broken homes and have failed in reaching meaningful relations with women, according to the National Commission on Violence.

Before the slaying of Robert F. Kennedy last year, the commission said, "it might have been hypothesized in 1968 that the next assassin to strike at a president—or presidential candidate, as it turned out—would have most of the following attributes:

— "From a broken home, with the father absent or unresponsive to the child.

— "Withdrawn, a loner, no girl friends, either unmarried or a failure at marriage.

— "Unable to work steadily in the last year or so before the assassination.

# Hope Star SPORTS

## Coming From Behind Helps Football Team

By RALPH ROUNTON

Coming from behind to win does something for a football team, and the Hope Bobcats did just that by stamping the Camden Panthers 10-7 last Friday night to spoil the Panthers' Homecoming.

Hope is now 1-2 for the season with renewed stature in 4-AA, as Camden fell to 6-3 and lost their first home game of the season.

It was played on a slick muddy field fresh from a hard afternoon shower while Hope experienced a beautiful day.

The sight of the wet turf saddened Hope fans and coaches, who doubted if Artie Martin could be as effective with his cutting ability and balance under such conditions for the first time.

What he did was a normal night, carrying 27 times for 122 yards and a pair of touchdowns.

And the Bobcat defense never let Camden make more than two first downs in succession, and the only Panther score came early on a 15-yard move after Bobcat Lee Davis bobbled a punt.

Thomas Dansby scored that one from two yards out and kicked Camden to a 7-0 margin with 7:06 left in the quarter, and a strong Homecoming contingent batted in joy. It didn't last very long.

For the Panthers never threatened the Hope 30-yard line again, and the Bobcats began a night of cranking out the big plays like they were out of style. From the 14-yard line in the second period, FB Gary Jones broke clean for 37 yards to midfield, then Martin circled the left and for 27 more and a first down at the Camden 17.

The Bobcats didn't score that time, mainly because the confidence was not yet there for moving on the ground against the Panthers' eight-man front, and passes weren't quite enough as downs ran out at the five.

Camden maintained momentum with the goal-line stand, and walked off at intermission with a 7-0 margin over a Hope team that was scared to death of being behind.

That fear was put down in the third quarter, as the Cats got good field position and waited for the breaks they knew would come. And they did.

Lee Davis broke for 17 yards on a punt return to start off Hope at the Panther 46 late in the third quarter, but after a first down losses provided a 3rd and 15 situation at the 41.

Here QB Ronnie Massanelli hit Davis in the left flat on the wide side of the field, and the senior end made a beautiful journey down the sidelines to paydirt. Trying for two points, Massanelli was stopped well short and Hope still trailed 7-6, but you could feel the momentum swinging around.

That feeling was made certain after the Bobcat defense smothered Camden and forced a punt, giving Hope the ball back with 10:44 left at their 38. A 15-yard penalty moved that back to the 25 for 1st and 23, but then the Panther dam broke.

Jones broke it on a sweep, then Massanelli twice ran from the pocket for 14 and 18 yards to move to the Camden 32. Martin quickly blasted for ten, then Massanelli hit Davis at the seven on the same play that had scored the first touchdown.

On third down Artie Martin took it over from the four, after a Camden offside penalty had nullified a seven-yard loss back to the 14. Again Massanelli was stopped inches short, but the 12-7 lead was on the board with 8:02 to play.

Now came the waiting game, with Camden QB Gordon Parham throwing on nearly every play with lessened success. On one

play the Hope defense only had three men on the line of scrimmage, and those three (Calvin Willis, Lynn Norton, and Jim Alford) hit the passer for a loss.

Ronnie Brown got the inevitable interception with a minute to play, and was caught at the Panther ten after a 44-yard runback. Artie Martin crashed in from the three to close the scoring, and Brown's kick made it 10-7.

It was a big victory for Hope, as none of the juniors and seniors had EVER experienced a come-from-behind victory. It felt good, especially because there were no injuries and the defense stopped the Camden running juggernaut that had run over nearly everyone else in sight.

Once again Coach Johnny McMurry's secondary showed their stuff by breaking several potential big-gainers, and the Cats 13 interceptions this year leads all of 4-AA in that category.

And the offensive line gained more confidence against a big tough Camden defense that yielded 244 yards rushing to Martin and Jones. Coach Ronnie Higgins also credited Mike McQueen for his play at defensive end, especially in the second half.

This week it's Camden Lincoln on the scene, and the Hope players surely could be victims of a letdown. Or they come back even more enthused, and show their colors. Those basketballers on the squad also recall a 104-48 lopping at Hope last year, and could have a score to square there.

Lincoln will come to Hammons Stadium Friday night at 7:30 p.m., as Arkadelphia and Fairview clash in the big one at Arkadelphia for a shot at the title honors. It should be very interesting.

Tonight the Hope "B" Lizards journey to Texarkana to match forces with the Arkansas High junior varsity at Buhrman Field, beginning with a 7:30 p.m. kickoff.

## Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times. If you wish to find the best sport that each day has to offer.

Date	Day	A.M.	P.M.
Nov. 2	Sunday	11:25	5:15
3	Monday	6:00	12:10
4	Tuesday	12:35	6:40
5	Wednesday	1:15	7:15
6	Thursday	1:50	7:55
7	Friday	2:30	8:30
8	Saturday	3:10	9:15
9	Sunday	3:55	10:00

## LSU Upset, Most Ranked Teams Win

By HERSCHEL NISSENSON

Associated Press Sports Writer  
There's little disagreement among the experts who's No. 1 in the college football world these days, but Coach Rick Forzano of Navy thinks he knows who's No. 2.

"Everyone knows that Ohio State is No. 1," Forzano said Saturday after Navy absorbed a 47-0 trouncing from Notre Dame, its second worst defeat ever. "But as far as I'm concerned, Notre Dame, Texas and Penn State are all No. 2. These three teams have speed, the big people and the necessary depth."

Northwestern knows that Ohio State is No. 1 after taking a 35-6 drubbing from the top-ranked Buckeyes. But according to the latest Associated Press poll, Texas alone is No. 2 and the Longhorns did nothing to lower their prestige, walloping Southern Methodist 45-14.

In the AP poll, Notre Dame is 10th and Penn State, a 38-16 winner over Boston College, is 15th, so Forzano's personal rankings—Navy lost to Texas 56-17 and Penn State 45-22—might get some argument.

Especially from third-ranked Tennessee, which downed No. 11 Georgia 17-3, and fourth-ranked Arkansas, which belted Texas A&M 35-13. But certainly not from sixth-ranked Southern California, which needed a last-minute touchdown to edge California 14-9, or from Florida, No. 7, and Louisiana State, No. 8.

Both saw their perfect seasons go down the drain after six victories. Auburn, ranked 17th, picked off nine of super soph John Reeves' passes and ripped the Gators 38-12 while Archie Manning guided Mississippi to a 26-23 upset of LSU.

Ninth-ranked UCLA crushed a racially split Washington team—none of its black players made the trip 87-14.

One member of the second Ten—15th-ranked Wyoming—also fell from the unbeaten ranks. Art Malone set a Western Athletic Conference career rushing record of 2,408 yards as Arizona State whipped the Cowboys 30-14.

Elsewhere, Missouri, No. 14, outlasted 12th-ranked Kansas State 41-38; No. 13 Purdue beat Illinois 49-22; 16th-ranked Stanford eased past Oregon State 33-0; Nebraska turned back No. 18 Colorado 20-7; Air Force, No. 19, used Ernie Jennings' fourth-quarter 96-yard kickoff return to top Army 13-6, and Michigan, No. 20, routed Wisconsin 35-7.

Ohio State was sparked by Rex Kern, who passed for 117 yards and ran for 94, and Jim Otis, who set a career rushing record for Buckeye fullbacks of 2,261 yards.

Texas erupted for 611 yards on the ground, a Southwest Conference record, with Jim Bertelsen scoring four times.

Curt Watson, Tennessee's sophomore fullback, shredded Georgia for 197 yards as the Vols took undisputed possession of first place in the tough SEC.

Bill Montgomery returned to action for Arkansas and fired two touchdown passes while Bill Burnett scored twice.

Penn State, sluggish for three periods, exploded for three TDs in the final period, including Franco Harris' third touchdown run, and defeated Boston College.

Clarence Davis plunged into the end zone from a yard out with 57 seconds left to pull Southern Cal to victory after California's Randy Wersching kicked three field goals to put the Bears in front 9-7.

Besides Auburn's nine interceptions, soph quarterback Pat Sullivan threw for two TDs and scored two to lead the Tigers past Florida.

Manning connected on 23 of 36 passes, threw for one TD and scored three as Ole Miss upset LSU. UCLA's 57 points—Dennis Dummit and Jim Nader each hurled two scoring passes—was the most against Washington in 48 years. Notre Dame ran up a 33-0 halftime lead on Navy and emptied the bench in the second half.

Steve Owens, Oklahoma's great tailback, carried 53 times—the major college record is 54—248 yards and four touchdowns and the Sooners bounced back and beat Iowa State 37-14.

And Marshall snapped a 27-game winless streak—26 losses, one tie—with a stunning 21-10 verdict over Bowling Green, which was coming off consecutive shutouts.

Bermuda Team Beats Mexico  
HAMILTON, Bermuda (AP)—Bermuda defeated Mexico 2-1 in an exhibition soccer match Sunday.

## Montgomery Right, Hogs Slam Aggies

By HARRY KING

Associated Press Writer  
LITTLE ROCK (AP)—Texas A&M made the mistakes and Arkansas didn't Saturday at Fayetteville and that sealed the Aggies' doom as much as anything.

Arkansas did not lose a fumble or have a pass intercepted in the 35-13 victory.

On the other hand, the Aggies dropped a potential interception on Arkansas' first touchdown drive, fumbled twice in their own territory and were guilty of elbowing on an attempted field goal.

Bill McClard missed the field goal attempt, but the penalty gave Arkansas a first down on the A&M 12. The Razorbacks tied the score in four plays from there.

"That penalty was a key play," said Arkansas coach Frank Broyles. "You've got to have Santa Claus with you sometimes."

A&M took the opening kickoff and marched 82 yards for a 7-0 lead in a drive that worried Broyles.

"We had set up our defense to stop their tendencies," he said, "but they ran counter plays. When they start one way we go. It took us a while to adjust to the flow of their backs."

A&M put together two other long drives in the first half but one ended in a missed field goal from the 19 and the other was halted on downs at the Arkansas two in the final seconds of the first half.

After the missed field goal, Arkansas drove 80 yards for a 14-7 lead.

"That missed field goal gave us some momentum," Broyles said. "It takes a lot away from the other team to go out there and put together a good drive and not get anything on the scoreboard."

"That fact that they didn't score right before the half after reaching the two, affected the momentum—for us and against them," he said.

Because of the Razorbacks' top offensive execution of the season, the Aggies were looking at lots of green every time they got the ball.

During the first 35 minutes of play A&M took over on its own 18, 16, 25, 20, 4, 17 and 20. In that period, Arkansas built a 35-7 lead.

Broyles said the Razorbacks were as high for A&M as they had been for any game in five years, but that he had nothing to do with the mental peak.

"Our players could see in the films what we'd be up against," Broyles said. "They're a fundamental team, good blocking and tackling, and second and third effort, excellent kicking, good athletes, all getting better."

The injury report showed tailback Bill Burnett with a broken nose and defensive end Gordon McNulty with a strained knee. Burnett is expected to play Saturday against Rice, but McNulty may miss a game or two.

Royals With Arsdale, Cool Off Lakers  
LOS ANGELES (AP)—"Obviously this was my best game ever," said Tom Van Arsdale. It was also one of Cincinnati's better ones this year.

The Royals, led by Van Arsdale's career high 41 points—18 of them in the decisive fourth quarter—cooled off the Los Angeles Lakers 124-116 Sunday night.

## A-State Has Hold on First in Conference

By THE ASSOCIATED PRESS

Arkansas State took a firm grip on first place in the Southern Conference football standings and Abilene Christian returned to its winning ways in highlight SLC action Saturday.

Arkansas State, the defending champion, blanked Lamar Tech 20-0 to take command for the SLC race with a 2-0 record and increase its season standard to 5-1.

Abilene Christian, after its unbeaten season went down the drain to Arkansas State last week, rallied for a 42-13 victory over Eastern New Mexico State.

In other games Saturday Texas Lutheran handed Trinity its fifth loss of the season in six games, 23-14 and West Texas State used four pass interceptions to smear UT-Arlington, 41-7.

Arkansas State quarterback Jack Hamilton passed for two touchdowns and ran over another to lead the assault by the 11th ranked Indians.

ACC quarterback Jim Lindsey flipped five touchdown passes to tie a school record in the Wildcat's romp over Eastern New Mexico.

Lindsey, who hit 23 of 40 passes for 315 yards, hit Ron Vinson for touchdown shots of 31, 6 and 26 yards and went to Mickey Pruitt for 63 yards and Ricky Green for 21 yards.

Texas Lutheran used a 23-yard field goal by Ronnie Broz, a 23-yard pass from Larry West to Alan Wells and a 52-yard run by Royce Johnson to pounce on Trinity for a 17-0 first quarter lead.

Trinity's scores came on a one-yard run by Frank Mata and a halfback pass from Ronnie Boyette to flanker Shawn Meagher.

Lutheran cornerback Carl Schoessow scored the only touchdown of the second half on a 95-yard interception return.

Lanow ran one of his interceptions back 31 yards for a touchdown and Brown ran one back 39 yards to score. West Texas quarterback Clarence Redic kicked field goals of 19 and 31 yards and scored one touchdown on a one-yard plunge.

UT-Arlington's lone score came with 2:03 left to play on a six-yard run by Mike Buchanan.

In games this week Abilene Christian is at UT-Arlington, Drake is at Arkansas State and Trinity is at Lamar Tech.

The Czar Not Bypassed Any More  
By ED SCHUYLER JR.  
Associated Press Sports Writer  
For the record—and because of the record—Czar Alexander is in the Washington, D.C., International.

The Czar, second in the International last year when he was American turf champion, was bypassed this year when invitations were extended for the \$150,000 race over 1½ miles on the grass at Laurel.

That is, he was bypassed until he won the \$113,900 Oak Tree at Santa Anita in an American record 2:23 2/5 for 1½ miles on the grass in his first start in three months.

Sunday, an invitation was made to and accepted by Czar Alexander's owner, Gustave Ring.

STATE OF ARKANSAS COUNTY OF HEMPSTEAD	
I, Jimmie Griffin, the Sheriff and Collector of the revenues of Hempstead County, Arkansas do hereby certify that the foregoing delinquent tax list contains a true and correct description of land, lot and parts of same as shown by the tax books this 31 day of October, 1969, returned delinquent for non-payment of taxes for the year 1968.	
JIMMIE GRIFFIN Sheriff & Collector Hempstead County, Arkansas	
Subscribed and sworn to before me this 31 day of October 1969	
Mrs. PAT HOUSE County Clerk Hempstead County, Arkansas	
Notice is hereby given that said several tracts, lots and parts of lots for so much thereof as may be necessary to pay the taxes, penalty and cost due thereon will be sold by the County Collector at the Courthouse in said County on the third Monday in November next, unless said taxes, penalty and cost to be paid before that time; and the sale will continue from day to day, until said tracts, lots and parts of lots be sold.	
WITNESS my hand and seal this 31 day of October, 1969.	
MRS. PAT HOUSE County Clerk Hempstead County, Arkansas

## WORLD ALMANAC FACTS

The wombat, a round, furry resident of Australia's southeastern state of Victoria, finds itself the object of bounty hunters these days. The World Almanac says the animal has come to be hunted because of its destruction of fences, which allows rabbits to get at the crops. Wombat conservationists, meanwhile, contend that the rabbit is the real enemy and are fighting for a national park to protect wombats. Copyright © 1969, Newspaper Enterprise Assn.

ANSWER TO PREVIOUS PUZZLE

(Newspaper Enterprise Assn.)

## THE WELL CHILD

Recovery Is Complete If Limb Is Braced

By WAYNE G. BRANDSTADT, M.D.

Q—My grandson has osteochondritis. What causes it? Is surgery the only cure?

A—In this disease there is inflammation of the cartilaginous growth centers of some of the long bones. The cause is unknown but heredity may be a factor. It occurs between the ages of 4 and 16 and persists until the growth period is over. When it involves the knees it is called Osgood-Schlatter's disease and when it involves the hips it is called Legg Calve or Perthes disease. When the involved limb is protected against weight-bearing by a brace or cast until the disease has subsided, recovery is complete. No operation is required.

Q—My son, now 18 months old, still has a soft spot on his head. What causes this?

A—Some fontanels close at nine months and others not before 24 months. The average is about 15 months. Your son's soft spot will close soon.

Q—At the hospital, they took blood from the heel of my friend's baby before he came home. Why was this done?

A—It was taken from the heel because in an infant this is the easiest place from which to get a sample. Since a newborn may have a wide variety of diseases, it may be necessary to test its blood for anemia or abnormal chemical composition.

Q—Is it serious when a boy, 4, has a hemoglobin 8 per cent below normal?

A—No, but if on a recheck the concentration is still low an effort should be made to determine the cause.

Q—Will blood transfusions in a baby cause his personality to be more like that of the donor than of his parents?

A—No.

Q—What is meant by hypertonic colic? What causes it and what is the best treatment?

A—This is not a standard term but I would assume that it refers to colic associated with nervous tension. This is common in a first-born because a baby can sense his mother's anxiety which is much less with her subsequent children. In some babies, allergy or a deficiency of progesterone may be a factor. The treatment is loving care administered in a relaxed manner and elimination of any causative factor that can be identified. Most babies outgrow the disorder by the 12th week of life. (Newspaper Enterprise Assn.)

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Oswald: "Today is the age of specialization. If you want to be the best at anything, you have to specialize and learn all you can about the subject."

Jim: "This means that if you want to be a top bridge expert you have to put as many lazy bids to work as you can and must use some bids that are completely artificial."

Oswald: "At the same time, you must start by learning your basic bidding. Without a sound, simple, basic structure to work with, you will get nowhere. Take today's hand as an example. The bidding by expert or beginner will be exactly the same. The expert will make the hand. The beginner may not."

Jim: "The beginner will win the first trick and attack either diamonds or clubs. If he goes after the diamond suit, he will knock out the diamond ace and, while West will be able to get his spade suit set up, he won't have an entry for it. If he leads a club, East will win the trick and play a second spade. West will have his spades set up and will get in with the ace of diamonds to run three spade tricks."

Oswald: "The expert will let West hold that first trick. Then it won't matter which minor suit he starts with. If East gets in, he won't have a spade to lead. If West gets in, his tooth will have been pulled."

Jim: "It really doesn't take much expertise to duck that first spade. We would expect any real bridge player or would do so. Particularly enough, the duck player winds up making 10 tricks. The man who grabs the first spade and happens to play diamonds first will wind up making 11."

(Newspaper Enterprise Assn.)

# ELECTRIC

# RANGE

AP&L \$25 WIRING ALLOWANCE

ASK YOUR REDDY PLAN DEALER FOR DETAILS

## These Ranges 'Come Clean' After the Heat's Turned On

Do kitchen clean-ups make you go into a slow burn?

Modern electric ranges have so many work-saving features that tedious clean-ups have been reduced to a quick swipe with a damp cloth. Some messy cleaning jobs have been completely eliminated.

There's no longer any need to poke around cooking units trying to scrape off grit and grime. Electric surface units tilt up or lift off so areas underneath can be quickly rinsed clean. Many units also

have raised rims which catch spilled liquids before they can splash and soil the range top. Temperature control dials pull out so you can clean around them, and reflector bowls and trim can be removed and washed right in the sink.

But the most dramatic advances have come in oven cleaning — once the bane of every cook's existence. Some electric ranges offer ovens that automatically clean themselves with a high-heat cycle that burns off grime and grease completely. Other ovens are equipped with teflon-coated walls, disposable foil liners, or walls and floors that pull out like a drawer. For greater cleaning ease, oven doors, racks and grills are now removable.

Even range shapes are helping to cut down the housewives' cleaning workload. Ranges fit flush between cabinets and against the wall to eliminate dirt-catching crevices. Oven frames are rounded so food fragments

can't slip into hard-to-get-at corners. And improved, stain-resistant finishes mean that a rinsing with a soapy sponge will keep a range sparkling clean.

In addition to these features, electric ranges have a "built-in" cleanliness advantage. Thermostatic heat controls keep food from messing up the range with burns and boil-overs, while electric coils in both the top and oven units tend to burn off any fallen food scraps.

What's more, since there's no combustion with electric cooking, there's no soot or smoke to soil the range or blacken pots and pans. Even kitchen curtains, walls and cabinets stay cleaner longer.

what's  
behind  
the  
GOLD  
MEDALLION  
HOME  
AWARD?

"Yes, I've seen the Gold Medallion on new homes and apartments and know it's symbolic of something special—an award of some kind for the electrical features. It's distinctive in appearance alright, but just what specifically does it represent... what's behind it?"

In answer to this question, frequently posed by uninitiated new home seekers, the Gold Medallion is the electrical industry's award for standards of electrical excellence built into total electric homes and apartments. The emblem is registered in the U.S. Patent Office as a Certification Mark of the National Electrical Manufacturers Association (NEMA) and is awarded only by local electric utilities on the basis of approved electrical standards.

All electrically heated homes are not necessarily Gold Medallion Homes—are electrically heated! To qualify for the award, a home must meet specific standards of wiring, lighting ventilation and insulation as well as heating. They also must contain certain major electric appliances.

Minimum National Standards have been established jointly by electric utilities and the program's sponsor, NEMA. Individual electric utilities apply to NEMA for authorization to participate in the program. Participating utilities either adopt the National Minimum Standards or submit standards of their own which equal or exceed NEMA's minimum.

Upon being authorized, each utility is then empowered to award the Gold Medallion to homes which meet or surpass the utility's standards. (Copies of the standards are available from your local participating utility.)

A glance at the National Minimum Standards readily shows the requirements to be met before a home can be awarded the coveted Gold Medallion. The standards state that "electricity shall be the sole source of energy for light, heat and power." Under the appliance category an electric range, and water heater are mandatory. In addition, two other

major appliances are required, and may be selected from a list which runs the gamut from air conditioners to waste disposers. All installed major appliances should display the mark of a nationally recognized safety testing laboratory.

In the area of ventilation, an exhaust fan vented to the outside is required for each kitchen or kitchenette and is recommended for each bath and laundry space. Vent fans are most important in a well insulated home to quickly remove excess moisture resulting from cooking, bathing, dishwashing and laundry.

The wiring requirements of the Gold Medallion standards state, without going into a great deal of technical jargon, how the house shall be wired in order to provide ample electric service capacity (at least 200 amperes) circuitry, and convenience outlets. Wiring standards are designed not only to take care of present needs of the home's inhabitants, but to provide ample capacity for future additional electrical conveniences.

Gold Medallion Home Lighting standards provide illumination in all strategic locations and are above the standard of the average home. It is further recommended that lighting be installed in compliance with "Light for Living" standards of the American Home Lighting Institute. Many utilities have made this provision a requirement rather than a recommendation.

A home, in order to fulfill the heating requirements, must, of course, be completely heated electrically. The heating standards refer to published authoritative electric industry guides, to be followed in the design and installation of the heating system. The guides insure that the home is adequately insulated and the heating equipment properly engineered to achieve the desired level of comfort.

Today, entire Gold Medallion Home tracts and apartments are being constructed at a rapidly increasing rate throughout the country as more and more consumers recognize and want the modern convenience and comfort total electric living offers.

## Play "hide the water heater"

People who install flameless electric water heaters in new or existing homes can play a new game. It's called "Hide 'n Heat."

Because electric water heaters heat without a flame, there's no need for a vent or flue to carry off the products of combustion.

Therefore, your electric water heater can hideout in any convenient, out-of-the-way place in your home, according to the Live Better Electrically program.

And because an electric water heater—and only an electric water heater—is insulated on all six sides to keep the heat in the water, not in the room, you can hide it in a closet, behind the stairs, or under a kitchen cabinet. Or you can tuck it away in a storage room or even beneath the house.

It is perfectly all right to hide your electric water heater because you would rarely have any occasion to look for it.

Live Better Electrically

The flameless electric water heater pictured here is so attractive that it looks like part of the kitchen counter. Because electric water heaters are so well insulated, they are cool to the touch.

## HAMM TIRE OFFERS . . .

**AUTOMATIC DRYING AT ITS BEST!**

**HIGH SPEED DRYER**

- 3 automatic-dry cycles.
- Automatic Permanent Press Cycle with "Cooldown".
- 3 Heat Selections.
- Porcelain enamel top and drum.
- Fluff setting.

## THE BEST IN BUILT-INS ...for building or remodeling!

**CUSTOM EXHAUST HOOD**

Little Chance  
UN Will Take  
in Red China

By WILLIAM N. OATES  
Associated Press Writer  
UNITED NATIONS, N.Y. (AP) — Communist China again was given no chance of getting seated in the United Nations as the General Assembly prepared to open its annual debate on the issue today.

Although the United States was expected to be successful once more in its fight to bar the Peking regime, diplomats believed that Italy and probably Belgium might abandon the Western bloc and abstain in the vote expected Friday.

Cambodian Ambassador Huot Sambath was to start the debate by introducing a resolution sponsored by 17 Communist and nonaligned nations. It calls for recognition of Peking's representatives "as the only lawful representatives of China to the United Nations" and the expulsion from the world organization of the representatives of President Chiang Kai-shek's Nationalist government on Formosa.

Chinese Nationalist Foreign Minister Wei Tao-ming was second on the speakers' list with a defense of his government's claim that it is the rightful spokesman for all Chinese, on the mainland as well as on Formosa.

Although Peking was not expected to get even a simple majority in the vote on the Cambodian resolution, the United States and 14 of its allies planned to introduce a resolution reaffirming five previous assembly decisions that a change in China's representation is a substantive issue requiring a two-thirds majority.

Diplomats expected that it would pass by the same vote as last year—73-47, with several abstentions—or 72-47 if the new leftist government of Libya moved from the yes column to those abstaining.

Some figured that the vote against the Peking seating resolution might also be the same as last year—58-44—on the theory that Italy and Belgium would switch from no to abstention while Equatorial Guinea and Senegal would switch from abstention to no.

Counter Move  
to Moratorium

WEST MEMPHIS, Ark. (AP) — A drive to organize a counter-movement to the national moratorium protesting U.S. participation in Vietnam is being organized by American Legion Post 53 at West Memphis.

The first moratorium was held last month and another is scheduled for Nov. 14-15.

The legion post's "Rally Around the President Days" would be held Nov. 8-11.

Health Big Business  
Now and Is Becoming  
More, More Costly

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail: Health has become a leading American industry. The nation's health bill now is about \$51 billion, and by 1975 the Health Insurance Institute estimates it

know is what I am going to tell them now.

We anticipated this increase when we changed The Star's carrier-delivered price from 35 to 40 cents a week last May 26, therefore we don't plan any additional increase based on the \$4 newsprint hike. Even so the local 40 cent price is a bargain.

Arkansas Gazette charges 45 cents for six days, and some other Southern dailies have gone to 50 cents—whether they are more pessimistic than I am being something that remains to be seen.

P.S.—You are wondering how I kept The Star going back in the 1930's if paper was non-existent on the open market. The truth is, a publisher friend bootlegged me a car off his own mill contract, we hauling it in here from his city he truck. After that I got on a mill contract myself.

Concern Over Law and  
Order Making Off-Year  
Elections Important

By KENNETH J. FREED  
Associated Press Writer  
Concern over law and order, President Nixon's political clout and New York Mayor John V. Lindsay's driving effort for reelection are adding up to one of the nation's most important off-year elections.

Much attention in Tuesday's voting falls on Lindsay. The one-time Republican glamour boy was considered a cinch loser four months ago but has rebounded to become odds-on favorite to retain what is often described as the second-most difficult elected office in the nation.

Beyond the New York race, though, political observers are looking to gubernatorial fights

Charges Draft  
Used Against  
Protestors

By LAWRENCE L. KNUTSON  
Associated Press Writer  
WASHINGTON (AP) — Charges the draft has been used to punish antiwar protestors face Senate scrutiny this week as part of a controversy over wholesale reform of the Selective Service system.

"The fundamental issue which now confronts us is whether the Selective Service System has the right to supplant the courts and substitute an administrative form of punishment," Sen. Edward M. Kennedy said Sunday.

Last week, Gen. Lewis B. Hershey, Selective Service director for the last 28 years, testified before the Senate Judiciary subcommittee that service in the armed forces cannot be regarded as a punishment.

"This is of course true," Kennedy replied. "But it can become punishment if the director of Selective Service treats accelerated induction as an alternative to criminal prosecution for those violating draft regulations."

Kennedy said the Military Selective Service Act of 1967 provides for the prosecution and punishment of draft law violators through the federal courts.

In his appearance last Thursday, Hershey, who is being replaced as head of Selective Service, said he opposed what he called encroachment of the judicial system into the activities of draft boards.

Meanwhile, opposing plans for draft reform are at the center of a controversy between the Nixon administration and the Senate's Democratic leadership.

At stake immediately is a House-passed bill which is limited to giving President Nixon the right to create a lottery system for drafting young men into the armed forces.

Dr. Milton Eisenhower heads the commission, which was named by former President Lyndon B. Johnson after the June 1968 assassination of Sen. Robert F. Kennedy.

Without drawing a parallel, the commission pointed in both reports to increasing discontent with, and agitation against what a significant proportion of the population feels are unresponsive institutions in society and government.

Among the causes of discontent are "police lawlessness, degrading prison conditions and other deficiencies" in criminal justice as well as the seeming inability of the poor to fight back against exploitation, the commission said.

Making a distinction between nonconspiratorial assassinations—such as the murders of President John F. Kennedy and his brother Robert F. Kennedy by lone malcontents—and "political" assassinations in which an organized group uses murder to accomplish political ends, the commission said:

"Political violence in the United States today is probably more intense than it has been since the turn of the century. If civil strife continues to become more violent, political assassinations may well occur."

In its report on law and order, the commission said governments—local and state and federal—must recognize needs of their citizens and act upon them if they are to effectively enforce their laws.

Noting that the nation spends more for agricultural subsidies than on elements of its system of criminal justice—police, courts and the prisons—the commission recommended increasing spending by \$5 billion a

year.

See HEALTH BIG

(on page two)

In New Jersey and Virginia and mayoral elections in Detroit, Cleveland, Pittsburgh and Buffalo for indications on voter thinking.

The balloting in New Jersey and Virginia is of particular interest because President Nixon has injected himself in both races in his first domestic political campaigning since his own election a year ago.

The New York City race has been a study in frustration for most political observers. Lindsay was all but counted out last spring when he lost the Republican nomination to a conservative and little-known state senator from Staten Island, John Marchi.

Forced to run on the tickets of the small Liberal and Independent parties, he fell far behind in the early stages of the race as Democrat Mario Procaccino seemed to pick up support from the heavily populated boroughs of Queens, Brooklyn and The Bronx.

Lindsay, however, as put together a polished and expensive campaign that appears to have overcome Procaccino's law-and-order strategy and his attacks on the mayor as a "limousine liberal" who plunged the city into its worst racial crisis.

The fights for the other city halls are seen as tests of a current thesis that middle-class America is in revolt over law-and-order and the aspirations of urban blacks.

Assassination Risk  
Escalated for Public  
Figures, Report Says

By MARK BROWN  
Associated Press Writer  
WASHINGTON (AP) — "An escalating risk of assassination" exists in America today for other public figures and lower elected leaders as well as president the National Commission on Violence says.

"In comparison to the other nations of the world, the level of assassination in the United States is high," the commission said in one of two weekend reports, and public figures in and out of office should be afforded greater government protection.

The commission, in the second report, warned that a "mosaic of discontent" pervades the nation's system of criminal justice, making control of violent crime a campaign with "no real hope for success" unless radically changed and adequately funded.

Dr. Milton Eisenhower heads the commission, which was named by former President Lyndon B. Johnson after the June 1968 assassination of Sen. Robert F. Kennedy.

Without drawing a parallel, the commission pointed in both reports to increasing discontent with, and agitation against what a significant proportion of the population feels are unresponsive institutions in society and government.

Among the causes of discontent are "police lawlessness, degrading prison conditions and other deficiencies" in criminal justice as well as the seeming inability of the poor to fight back against exploitation, the commission said.

Making a distinction between nonconspiratorial assassinations—such as the murders of President John F. Kennedy and his brother Robert F. Kennedy by lone malcontents—and "political" assassinations in which an organized group uses murder to accomplish political ends, the commission said:

"Political violence in the United States today is probably more intense than it has been since the turn of the century. If civil strife continues to become more violent, political assassinations may well occur."

In its report on law and order, the commission said governments—local and state and federal—must recognize needs of their citizens and act upon them if they are to effectively enforce their laws.

Enemy Drives  
Allies From  
Three Bases

By GEORGE ESPER  
Associated Press Writer  
SAIGON (AP) — North Vietnamese forces launched new attacks in South Vietnam's Central Highlands today after driving allied troops from three U.S. artillery bases at the opposite end of the region. American Special Forces officers said the loss of the bases was a "major success" for the enemy.

While U.S. and South Vietnamese troops along the Cambodian border in the southern part of the highlands braced for renewed North Vietnamese assaults, the enemy struck nearly 200 miles to the northeast, along the coastal region of the northern Central Highlands.

Some 200 North Vietnamese infantrymen and commando launched coordinated assaults on two artillery bases of the U.S. 173rd Airborne Brigade north of the provincial capital of Bong Son.

Firing rocket grenades, machine guns and rifles, the attackers pushed their way to the barbed wire perimeters of the two bases before American artillery drove them back. The U.S. Command said at least two enemy soldiers penetrated the perimeter of one base but were killed or repulsed. The bodies of others were found in the barbed

Series of Auto  
Wrecks Probed  
by Police

A rash of wrecks plagued City Police over the weekend, Saturday morning at 4th and Rosston Road a truck driven by F.F. Hudson of Hope, rammed the rear of a car occupied by Neal Osburn, mail carrier, who had stopped and was placing mail in boxes.

Mr. Hudson sustained possible fractured ribs and was rushed to a hospital by a Herndon ambulance.

The rear of the Osburn car was badly damaged as was the front of the Hudson pickup. The accident was investigated by City Officers Howard Milam and Richard Rowe.

Also on Saturday cars driven by Osrie Jones and Jerry L. Edmonds collided on Highway 29 at Avenue D. Damage was moderate. City Officers James Rowe and Joe McCulley charged Edmonds with driving while intoxicated.

Vehicles driven by Cora E. Smith and Ruth Taylor collided in the 400 block of West 4th yesterday with minor damage resulting. City Officer Jesse Brown charged Cora E. Smith with failure to yield the right-of-way.

Minor damage resulted Sunday when cars driven by Ruth H. Murphy of Texarkana and Gilbert Polk of Benton collided in the 400 block of West Third. City Officer Joe McCulley filed no charge.

'Silent Majority' Is  
Organizing Against  
New Antiwar Protest

By DON McLEOD  
Associated Press Writer  
WASHINGTON (AP) — Groups saying they speak for the nation's "silent majority" are emerging in an effort to counter a second round of massive antiwar protests planned this month against President Nixon's Vietnam policies.

Encouraged by Vice President Spiro T. Agnew's increasingly harsh attacks on the antiwar movement, organizations from California to small towns in New York have joined in efforts to show that most Americans back the President's course.

Mid-November's scheduled antiwar demonstrations will be preceded by such pro-Nixon events as a veterans-inspired "Freedom Rally" in Washington, N.Y. 11 and a "National Confidence Week" beginning Nov. 10.

And President Nixon, whose efforts to end the war are at issue, speaks to the nation tonight in a review of the Vietnam situation some say is designed to take the initiative from his policies' detractors.

Atty. Gen. John N. Mitchell, a key Nixon confidant, added Sunday he feels even stronger about the dissidents than Agnew, who had characterized them as "an effete corps of impudent snobs."

Mitchell was interviewed on the NBC radio and television program "Meet the Press."

The Nov. 11 Freedom Rally is jointly sponsored by the American Legion and Veterans of Foreign Wars. It includes a gathering at the Washington Monument following Veterans Day ceremonies at Arlington National Cemetery.

National Confidence Week was conceived by a Clinton, N.Y., housewife who said the antiwar sentiment "is growing out of hand." She hopes Americans will leave porch and automobile lights, burning day and night to show support for Nixon.

In California, a coalition of veterans' groups is promoting a nationwide counter demonstration timed to coincide with the Nov. 13-15 plans by the Vietnam Moratorium Committee and the New Mobilization Committee, prime architects of the antiwar movement.

The New Mobilization Committee predicts a turnout for its Nov. 15 grand finale in Washington of more than a quarter of a million people.

Nixon Takes  
Vietnam Case  
to Nation

By THE ASSOCIATED PRESS  
WASHINGTON (AP) — President Nixon takes his Vietnam case to the nation tonight amid fresh speculation over the possibility of a sizeable step-up in U.S. troop withdrawals.

In advance of Nixon's much-heralded 9:30 p.m. EST radio-TV address, House Republican Leader Gerald R. Ford of Michigan said "It is perfectly possible that all American combat forces can be withdrawn from Vietnam by July 1, 1970."

In Saigon, Vice President Nguyen Cao Ky was quoted as saying that "next year the (South Vietnamese) armed forces will be able to replace about 180,000 U.S. soldiers."

Ky predicted "nothing new" out of Nixon's speech while Ford, addressing a Phoenix, Ariz., group, declined to speculate further on it. Nixon so far has announced troop pullbacks totaling about 60,000 by Dec. 15, a 10,000-a-month withdrawal which would reduce the U.S. strength figure in Vietnam to 484,000.

The President himself maintained tight silence about the forthcoming speech and prolonged his weekend stay in seclusion at his fog-shrouded Camp David, Md., mountain retreat while working on it.

Originally slated to return to the White House Sunday, Nixon put off his helicopter flight back to Washington until today.

The original White House announcement of the speech just before the Oct. 15 Vietnam Moratorium protests, its timing to-night on election eve and approximately one year after the Nov. 1, 1968, halt to the U.S. bombing of North Vietnam, and the secrecy surrounding its preparation, have led to wide speculation that a new Nixon move on Vietnam is in the offing.

"Great hopes and expectations are riding on this speech," Senate Democratic Leader Mike Mansfield said during the weekend. "I'm just living on a hope and a prayer that he will offer the American people a end the Congress some light at the end of the tunnel."

But despite numerous recommendations for the policy speech which Nixon has solicited from his top advisers and government departments, many Washington officials doubted the President would depart substantially from the course he has charted.

Gradual U.S. disengagement based on Saigon's ability to take over more of the load, a lowered level of combat or progress in the Paris negotiations.

Senior administration authorities have contended the South Vietnamese are making so much progress toward taking over the war effort that the only way the enemy can win now is through a too-rapid U.S. pull-out forced by U.S. public opinion.

Thus the Nixon address, as they see it, is primarily to win the battle on the home front against protesters demanding that America should get out of Vietnam now.

As the Nixon speech approached, both supporters and critics of administration policy gathered ammunition and Congressmen readied for another round of debate.

In the House, 42 Congressmen issued a statement that they hoped Nixon's address "will make a substantial contribution to the early end of American involvement in the war." They planned a House debate Wednesday on the President's remarks.

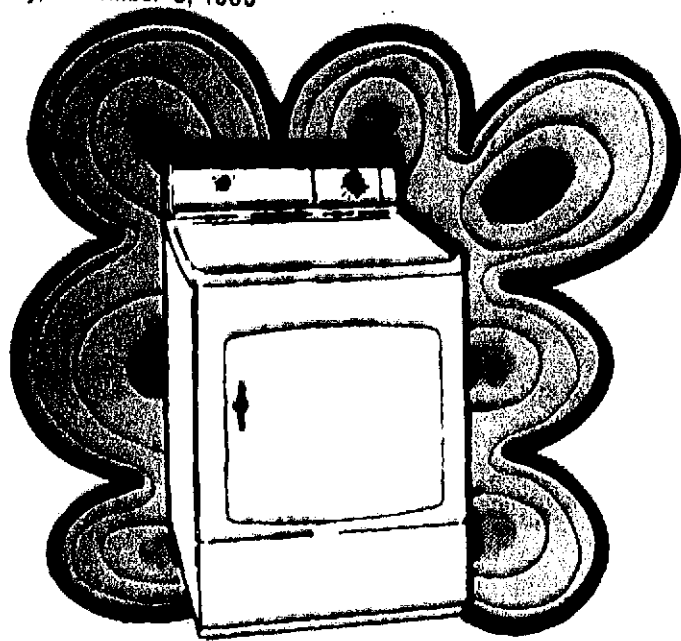

In the Senate Chairman J. W. Fulbright, D-Ark., put off scheduled Foreign Relations Committee hearings on Vietnam policy pending the speech.

Minister Knows  
About Crime

MUSKEGON, Mich. (AP) — The Rev. Jack L. Pepple spoke about crime during a sermon at the Lakeside Assembly of God church and returned home to hear thieves fleeing from his basement.

The minister told police the thieves took six coin collections and a collection of 40 silver certificates worth a total of about \$150.

# ELECTRIC DRYER

**AP&L \$15 WIRING ALLOWANCE** ASK YOUR REDDY PLAN DEALER FOR DETAILS

**Electric dryer dries clothes  
sunshine bright even at night**

With a flameless electric clothes dryer in the house, it's never a question of "Weather" or not to do the laundry. Rain or shine you can schedule wash-days at your convenience, instead of the weatherman's. And with an all-electric laundry, it doesn't necessarily have to be wash day, if you are one of the millions of American women who work during the day. You can put your electric clothes dryer to work at night. For flameless electricity dries clothes sun-shine bright—even after dark. Whether you do laundry day or night, you protect your clothes from outside pollutants when you dry them with soft, gentle electric heat. You don't have to worry about the dust, chemical vapors or birds that affect clothes-line-dried clothing and linens. Your all-electric laundry is at

your service anytime and in any weather. It's not just a fair weather friend.

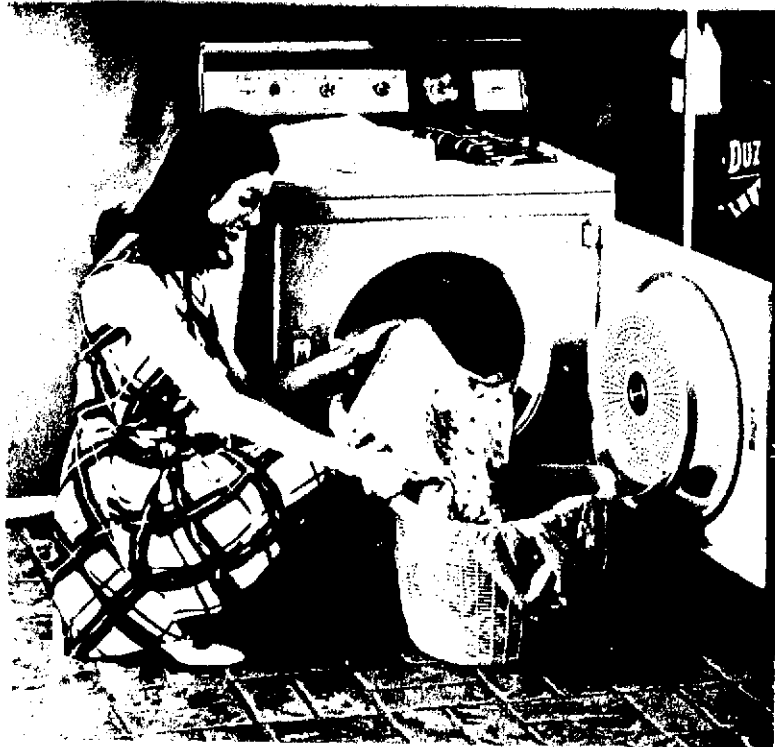

**Flameless electric clothes dryer is two-to-one choice**

With all of the handy permanent press clothing and linens on the market today, it is no wonder that the flameless electric clothes dryer is the two-to-one choice of American women. Permanent press clothes come out of the dryer ready to put on, because the gentle, even heat and tumbling action of an electric dryer relaxes wrinkles.

Thrifty homemakers also like electric clothes dryers because they cost less to buy, are economical to operate and easy to maintain because there are few

moving parts.

Because electric clothes dryers don't dry clothes with a flame, there is no need for a flue to carry off the products of combustion. And whereas a flame-type dryer requires two connections—one for fuel and one for electricity, a flameless electric dryer needs only one.

Washday is any day—or night—when you have the services of a flameless electric clothes dryer. Soft, gentle electric heat dries your clothes sunshine bright, even on rainy days.

**Are You Getting Sick  
Of Rising Prices?**

**Sure, It's Tough All Over, But  
There Is One Bright Spot  
In The Whole Picture...**

**Electric Rates**

**Have Never Gone Up!**

**In Fact, Hope's Residential Rates Have  
Been Lowered Twice In The Past 12 Years**

**How Come??**

To be sure, the cost of Generators, Poles, Lines, Transformers, Labor and Tools have gone up just like everything else, but the increased use of Electric Service has outrun these rising costs.

Continued growth of our system will mean continued low rates!

**Grow — Make Use of Modern  
Electric Service Plans  
At Old Fashioned Prices**

See your favorite Appliance Dealer during this Special Sale on Electric Ranges and Clothes Dryers. Check the ads in this newspaper for Bargains in these two wonderful household aids and...

**See Your Dealer Now !!**

Hope Water & Light Plant will rebuild the Electric Service Entrance, if needed, and install a Circuit Breaker for any Residential customer on this system who buys an Electric Clothes Dryer or an Electric Water Heater.

## HELEN HELP US!

by Helen Bottel

HE'S A GAMBLING MAN  
Dear Helen: We exchanged dime store rings in the park, but we never really got married because Nick said he wanted to be sure. He moved into my apartment, and for five years I've been hoping he'd make up his mind, but instead he concentrated on gambling, drinking and occasional flings—as he said, for “comparison purposes.”  
When he started dating a 19-year-old girl, I, being 28, got upset. One night I waited by the door with a heavy stick of firewood, and it's a good thing he didn't show, or he might have landed in the hospital! This brought things to a head, and the next day I threw him out. He keeps saying he doesn't love this girl and please can he come back, but I suspect it's more to save on rent than because he loves me. He promises he'll stop all his bad habits but insists marriage still isn't for him, as it would “kill something beautiful.”  
He's so smooth he could probably have charmed Carrie Nation out of her axe, but in my

sane moments I know he lies, cheats (even at cards), and has stolen money from me when he couldn't sweet talk me out of it.  
So why do I still care for this cad?—WEAKENING  
Dear Weakening: . . . For the same reason too many susceptible women fall for “gambling” men: Their free and easy charm cons the gals into thinking everything will be better—tomorrow.  
If you take Nick back, you'll be stuck with a cad in a house of cards. Don't weaken!—H.  
Dear Helen: My husband recently joined a nudist club that goes down to its private beach every morning for a sunrise dip, no matter how cold. He says there's no hanky-panky, and if I doubt it, join them. But he knows I won't because I can't stand cold water and early rising. Tell me, Helen, can nudists remain platonic?—DOUBTFUL  
Dear Doubtful: In cold November water, at sunrise! Yes—I rather imagine nudists have no trouble remaining platonic! You've been invited to see for yourself. Why ask ME?—H.  
Dear Helen: Our daughter re-

cently started writing to a Nigerian pen pal. Now he says he has been accepted by several universities in the United States, but needs money for the fare over here.  
Sandra wants to start a money raising campaign, but—am I overly suspicious, or might he take the money and run?—MRS. O.E.  
Dear Mrs. E.: Suspicion is the better part of charity when it comes to this kind of “foreign aid!”  
Have your daughter ask her pen pal which universities accepted him, and the name of his Nigerian sponsor; then if she adds, “There'll be a delay while all investigations are made,” I'll bet she never hears from him again!  
P.S. NOTE TO ALL PEN PALS  
If your correspondent requests money or expensive gifts (even on an “exchange” basis) drop him! There are a few who figure the rich American is a set-up for a shake-down. —H.  
Population Growth  
It took a million years for the earth's population to reach three billion by 1961. This figure will probably be doubled by the end of the 20th century, according to the Encyclopaedia Britannica.
